PROJECTS

Friends Cards App

Description:
- Developed a responsive Friends cards Application using React JS with React Class Components, used React Material UI for a consistent and visually appealing design that is responsive and mobile friendly.
- I used Axios in this project for retrieving data from APIs instead of fetch.
- I used React Router DOM for handling navigation and rendering of different components based on the given URL.
- This project is also built using Functional components, React Hooks, Context API, and Redux.

Text Analyzer App

Description:
- Developed a responsive Text Utility Application using Functional components, React Hooks, and React bootstrap for designing.
- In this, I have added basic functionalities to convert your entered text into capital, lower case, copy text, reverse text, and clear text, and added a preview section too.
- Another section was added as a text summary for word counts, character counts (with and without spaces), and read time.
- Added dark mode functionality to it for a better user experience.

Weather App

Description:
- Developed a responsive Weather Application using Functional components, React Hooks, bootstrap, Saas designing, and Axios for API data.
- I used the open-weather API to get data on cities. When the user searches for any city, he or she will get temperature information for that city.

Todo App

Description:
- A simple to-do app for user to mark their daily work routine, In this I have added functionalities of add, delete, marked and update too.
- This project is built using functional components, React Hooks, Saas.

Registration & Login App

Description:
- Developed a responsive Register & Login App using React Functional components, React Hooks and used local storage for storing user details. Added validation functionality too.

Ecommerce App

Description:
- Created a responsive Ecommerce app using HTML and CSS only, UI of this project is so attractive.

SKILLS

- JavaScript
- ReactJs
- React-Hooks
- React-Material
- React HOC
- React Router
- React Redux
- HTML5
- CSS3
- Typescript
- NextJs
- Design Pattern
- Bootstrap
- Mysql
- Nosql
- Git & GitHub
- Postman
- MongoDB
- RestAPIs
- GraphQL
- Java
- Vs Code IDE
- Eclipse IDE
- Intelli J IDE
- Firbase

EDUCATION

Bachelor of Computer Science, Nowrosjee Wadia College, Pune

2019- 2022   **Percentage: 77%**

HSC Science, Nowrosjee Wadia College, Pune

2017-2019   **Grade:B**

SSC Genba Sopanrao Moze high school,Pune

2005-2017   **Percentage: 80%**
